### How Do I Know if I'm at Risk?

Many behaviors put you at risk for getting STIs, including HIV. You are at risk if you answer “yes” to **any** of the following questions:

- Have you had unprotected vaginal, anal, or oral sex (sex without a condom)?
- Do you have multiple partners?
- Do you have an STI, including HIV?
- Have you shared needles?
- Do you exchange sex for drugs or money?
- Do you have a partner who answers “yes” to **any** of these questions or whose health status you don't know?
